

PROJECTS – CLIMATE CHANGE, ECOLOGY, CARE FOR CREATION

Country – or AREA	Title of Project	More information
Angola	The Eye Kutoloka project - Responding to droughts and floods in semi-arid regions	http://www.sp4climate.net/africa.html
Burundi	Community Disaster Risk Management	http://www.sp4climate.net/africa.html
Kenya	Adapting to Climate Change in Arid and Semi-Arid Lands (KACCAL)	http://www.sp4climate.net/africa.html
Kenya	MERU and NANYUKI community re-forestation	http://www.sp4climate.net/africa.html
Morocco	Ouarzazate Solar Power Station (OSPS)	http://www.sp4climate.net/africa.html
Uganda	Renewable Energy project	http://www.sp4climate.net/africa.html
Tanzania	Uchindile Mapanda Reforestation see also Verified Carbon Standard	http://www.sp4climate.net/africa.html
Antarctica AREA	Several governments maintain permanent manned research stations on the continent	http://www.sp4climate.net/antarctica.html
Bangladesh	Community based Adaptation to Climate Change through Coastal Afforestation	http://www.sp4climate.net/asia.html
The People's Republic of China	Climate Protection and Electric Vehicles .	http://www.sp4climate.net/asia.html
The People's Republic of China	Sustainable and climate-smart agriculture project	http://www.sp4climate.net/asia.html
Indonesia	INDONESIA CLIMATE CHANGE TRUST FUND (ICCTF) distributes funds for Climate Change projects	http://www.sp4climate.net/asia.html
Japan	Japan-Caribbean Climate Change Partnership (J-CCCP) – for climate change projects in Caribbean countries	http://www.sp4climate.net/asia.html
Fiji	Pacific Adaptation to Climate Change project (PACC)	http://www.sp4climate.net/australia_oceania.html
Solomon Islands	COMMUNITY RESILIENCE TO CLIMATE AND DISASTER RISK	http://www.sp4climate.net/australia_oceania.html
France	The Franco-German Energy Platform - to develop co-operative projects for a sustainable energy provision	http://www.sp4climate.net/europe.html
Germany	The International Climate Initiative (IKI) - financing climate and biodiversity projects in developing and newly industrialising countries	http://www.sp4climate.net/europe.html
Poland	SIEKIERKI project - in the city of Warsaw conversion from coal-fired generation to a renewable, more sustainable biomass generation	http://www.sp4climate.net/europe.html

PROJECTS – CLIMATE CHANGE, ECOLOGY, CARE FOR CREATION

Country – or AREA	Title of Project	More information
America	The Climate Alliance Mapping Project. - aiming for socially just answers to climate change.	http://www.sp4climate.net/north_america.html
Canada	A number of projects around Lake Simcoe, to improve water quality and the fish habitat.	http://www.sp4climate.net/north_america.html
